# Overview

# The Affordable Care Act

ambetter. FROM superior healthplan

**Key Objectives of the Affordable Care Act (ACA):**

- Increase access to quality health insurance
- Improve affordability

**Additional Parameters:**

- Dependent coverage to age 26
- Pre-existing condition insurance plan (high-risk pools)
- No lifetime maximum benefits
- Preventive care covered at 100%
- Insurer minimum loss ratio (80% for individual coverage)

# The Affordable Care Act

**Reform the commercial insurance market – Marketplace or Exchanges:**

- No more underwriting – guaranteed issue
- Minimum standards for coverage:
  - Benefits and cost sharing limits
- Subsidies for lower incomes (100% - 138% FPL)
- Learn more at www.healthcare.gov/.

# Health Insurance Marketplace

**Subsidies come in the form of:**

- Advanced Premium Tax Credits (APTC)

**All plans have cost shares in the form of copays, coinsurance and deductibles:**

- Some members will qualify for assistance with their cost shares based on their income level.
- This assistance would be paid directly from the government to Ambetter.

# Health Insurance Marketplace

- The Health Insurance Marketplace is the only way to purchase insurance and receive subsidies. Exchanges may be state-based, federally facilitated or state partnership. Texas is a Federally Facilitated Marketplace.
- Health Insurance Marketplace is the only online marketplace for purchasing health insurance.
- Potential members can:
  - Register
  - Determine eligibility for all health insurance programs (including Medicaid)
  - Shop for plans
  - Enroll in a plan

# Ambetter's Footprint

**Ambetter operates in 20 states across the country:**

- Arizona, Arkansas, Florida, Georgia, Illinois, Indiana, Kansas, Michigan, Mississippi, Missouri, Nevada, New Hampshire, New Mexico, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Texas and Washington

**Every year Ambetter expands its footprint in Texas.**

**PCP Selection and Panel Status:**

- Ambetter emphasizes to members the importance of establishing a medical home (better care, greater appointment availability, consistent care, etc.). Part of that is the selection of a Primary Care Provider (PCP).

- While members may see any provider they choose, Ambetter encourages providers to emphasize the importance of the medical home relationship to members.

- PCPs can still administer service if the member is not assigned to them and may wish to have member assigned to them for future care.

- PCPs should confirm that a member is assigned to their patient panel.
  - This can be done through the Secure Provider Portal.
